Reference Standards:

1. CHPS Core Criteria v3.0, EQ C6.1 Low Emitting Materials - <https://chps.net/chps-core-criteria>
2. California Department of Public Health CDPH/EHLB/Standard Method V1.2, 2017

The Collaborative for High Performance Schools (CHPS) has reviewed the above products for approval as a CHPS Product™ based on compliance with the requirements of the most recent version of the CHPS Criteria. CHPS Pre-Approved Products simplify the process of identifying, specifying, and documenting building products that meet rigorous health and environmental standards. Pre-Approved Products meet one or more of the following CHPS criteria: Low Emitting Materials, Recycled Content, Certified Wood, Environmental Product Declaration, and/or Material Health Disclosures (HPD and equivalent disclosures).

A handwritten signature in blue ink that reads "Elisabeth Krautscheid".
